

# TWIN TURBO

Specializing in Innovative Orchard & Vineyard Equipment

- **Efficient! Works both sides simultaneously**
- **Work Faster-- Up to 6mph!**
- **Great for organic growers**
- **Each side is independently driven**
- **Double acting hydraulic tool**

**Built for front or rear mount--  
Available in two frame sizes:**

- **one for rows from 71" (180 cm) to 110" (280 cm)**
- **one for rows from 99" (250 cm) to 150" (380 cm)**

*All Twin Turbo models need 7gpm of oil flow from the tractor--  
If the tractor cannot supply this flow, Rinieri can supply a hydraulic kit*

**Versatile - 4 optional heads to customize the Twin Turbo for your specific needs**

**Turbo Blade**

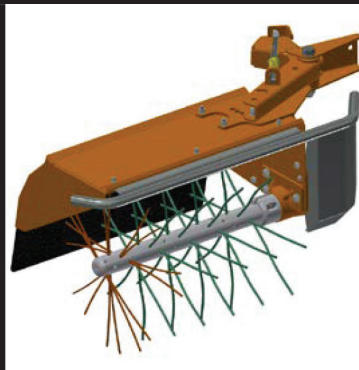

*(two blade sizes - 20" and 27")*

**French Plow**

**Sucker Remover (SRV)**

**Bio Dynamic Cultivator**
